

BillingPlatform Innovation Lab

BillingPlatform Add-in for MS Excel

Access all your finance data with easy access to Excel

Experience total control over your finance operation with easy access to month-end revenue reports straight from the application you know and love – Microsoft Excel.

Download the free BillingPlatform Add-in for MS Excel from the Microsoft Marketplace. With a click of a button from within excel or from the Finance Control Dashboard, instantly generate rich billing and revenue reports for month-end, revenue forecasting and more.
